

CORNERSTONE BEHAVIORAL HEALTHCARE

OP.16 MEDICAL SERVICES

This agency does not provide any medical services on or off site. Exception: licensed medical providers, working within the scope of their license, are allowed to provide, on a limited basis, psychotropic medication injections, as prescribed.

In case of an emergency, emergency care will be provided i.e., CPR, if the employee is appropriately certified to provide such services.

If the client is in need of medical treatment, the employee will contact the parent or next of kin. It is not the responsibility of the employee to take care of medical needs. If there is an emergency situation an appropriate emergency call will be made by any staff member to 911.
